Konami®

Konami Industry Co., Ltd. is the official video game company in Japan of the Los Angeles Olympic 1984. Therefore, everybody should be aware that any infringements, including manufacturing copies of Hyper Olympic (Track & Field), selling and operating such games will be in danger of causing international discord.

- Before playing, each player registers his /her initials.
- In any of the competitions, your name and record will stay on the scoreboard if you are within the 3rd rank (they will not disappear until your record is broken).

★ The game will be over when you cannot reach QUALIFY.

■ CONTROL PLATE

1 100m DASH

Just concentrate on **(RUN)** button.
The world record? It's great if four players can compete.

4 110m HURDLES

Dash with **(RUN)** button and jump over the hurdles with **(JUMP)** button.
Keep it rhythmic!

2 LONG JUMP

Start by tapping **(RUN)** button.
Jumping distance depends on your speed of approach run and timing of takeoff!
Watch out for the angle of your jump!

5 HAMMER THROW

Push **(RUN)** button and the player will turn and start automatically.
To get the angle of throwing, push **(JUMP)** button while watching the speed of turning.
Better not lift it too high.

3 JAVELIN THROW

Accelerate with **(RUN)** button and decide the angle by pressing **(JUMP)** button.
Good timing is the key to a good score.

6 HIGH JUMP

One push of **(RUN)** button will start approach run. Push **(JUMP)** button, but be careful of the take-off point.
You can change the angle as often as you like.
